Vierzon April 02nd, 2010

**Subject : Fluid Ollibya Hydrol M**

Kind attn : Mr Ben Attia,

Dear Sir,

With reference to the documents submitted, the subject fluid is approved for being included on our list DENISON approved fluids for :

**HF0, HF1, HF2**  
**Approval number : 399(1)**

This number correspond to a confidential formulation with DENISON.

This fluid will be listed under the brand name...	<b>Oilibya Hydrol M</b>
The manufacturer to be listed as.....	<b>Libya Oil Tunisia</b>
The ISO classification as.....	<b>HV</b>
The approved grade as.....	<b>ISO VG 46</b>
The listing date will be.....	<b>September 2009</b>
Test passed.....	<b>T6H20C Tests dry &amp; wet phases</b>

Please note the product will be on the list until **September 2019**, the listing being for a limited period of 10 years. It can be extended for an additional 5 years by notifying us in writing that the fluid is still actively marketed. That notice should occur during the last six months of the initial listing period. This later condition is due to the fact that many fluids on the list are no longer available and we try to make it a more usable document.

Hoping this will not cause any inconvenience

Best Regards

**Philippe PARREAU**
